---

Hi Poonam,

Attached is what the applicant provided to address the LanWest and LanEast worst case daily emissions.

Can you please review this and let us know if it addresses you comment.

Thanks,

Ashley

**Subject:** LE/LW - worst-case max daily emission inserts for AQ

Hi Ashley,

Attached are the inserts (shown in redline against a clean excerpt of section 2.3.3.2) for the LE and LW analysis regarding the worst case max daily emissions. We refer the reader to the tables, rather than listing out the actual emissions for each constituent (just because it reads better), but can also put the actual numbers in the text if you would prefer.

Let us know if you have any issues with this discussion.

Thanks,  
Megan
